IMPORTANT NOTE
Unless yarn specified is used, SAPROTEX cannot accept responsibility for the finished work.
Owing to printing restrictions the colour reproduction is matched as closely to the yarn as possible.
The instructions are given for the smallest size, with the larger sizes in brackets; where only one figure is given, it applies to all sizes.
It is advised to read through the pattern before commencing to gain an understanding of how the pattern is worked.
Tension is not essential to achieve success for this project. If all squares are worked in an even tension, they should be approximately the same size.
